Reading Comprehension

Read the text and answer the questions. (3.5 points)

There are only a few scientists and inventors who are famous all around the world. During their lives, scientists and inventors are looking for new methods to develop science and help people. Interesting to know, some of them are Iranians such as Avicenna, and Dr. Hessabi. One of the well-known Iranian scientists is Professor Majid Samee. He is famous for doing lots of experiments, researches and studies. He also published lots of books in the field of medicine.

Professor Samee was born on June 19, 1937 in Tehran. His mother was from Shiraz and his father from Rasht. When he grew up, he decided to study medicine. So, around the age of 18, he moved to Germany and attended Mainz University to study medicine. When he was studying at University of Mainz, he received "The Prize of Iranian Science Ministry for the Best Iranian Students in Europe". In 1971, he became a professor.

He is energetic and hardworking. He never gives up experimenting and researching and this is the reason to succeed. His most important goal in life is helping people. He cures many patients free. Professor Samee says that I am only a simple doctor, but people generously honor me.

70. When did he become a professor?

71. Why is Professor Samee a successful man?

72. The underlined pronoun "them" in the first paragraph refers to _____.
